

FACTSheet

WESTERN AREA POWER ADMINISTRATION

WAPA serves Montana

Western Area Power Administration is one of four power marketing administrations within the Department of Energy that markets and transmits wholesale electricity. Its service area encompasses a 15-state region of the central and western U.S. where its 17,293-circuit-mile transmission system carries electricity from 57 hydroelectric powerplants. WAPA sells power to preference customers who in turn provide retail electric service to more than 40 million Americans.

Map shows transmission infrastructure in Montana.

Powerplants and FY22 net production (GWh):

Canyon Ferry: 226

Fort Peck: 797

Yellowtail: 642

Types of customers:

Power marketers: 6
