1.	<p>a. Is the general timeline for the CVP Rate Case posted somewhere?</p> <p>b. When will the rates be final? September 30, 2024.</p>	<p>The timeline will be posted to the WAPA-SN website at: https://www.wapa.gov/regions/SN/rates/Documents/2024_CVP_Rate_Case-WAPA-207/CVP_Rate_Schedule.jpg</p> <p>September 30, 2024</p>
2.	WAPA-SN has extended the CVP rates for many years. Are you anticipating changes to the formulas?	WAPA-SN is not proposing any changes to the formula rates.
3.	<p>a. The rates expire at different times. Are the new rates effective through fiscal year 2029?</p> <p>b. Will the new rates carry over to the new 2025 Power Marketing Plan?</p>	<p>The new rates will be effective through September 30, 2029.</p> <p>The new rates will continue to be effective under the 2025 Power Marketing Plan that begins on January 1, 2025.</p>
4.	<p>There have been negotiations with PG&E regarding the Wholesale Distribution Tariff (WDT).</p> <p>a. If not renewed, what does that look like for customers not directly connected to the SN grid?</p> <p>b. Does it only impact customers not connected to the SN grid, or does it also impact others?</p>	<p>WAPA-SN anticipates entering into another WDT agreement with PG&E. If not, customers would be responsible for arranging their own transmission and distribution service.</p> <p>WDT is for customers outside the SBA who need distribution service beyond the ISO grid, i.e, over PG&E's distribution system.</p>
5.	When is the next CVP Rate Case meeting?	October 31, 2022
